Prior to the commencement of CIRP, the Board of Directors, whose powers were subsequently suspended during the CIRP, had oversight on the management of the affairs of the Company together with the KMPs for the year ended 31<sup>st</sup> March 2020. Thus, the erstwhile Resolution Professional/Monitoring committee does not assure accuracy and reliability of the opening balances as at 1<sup>st</sup> April 2020.

7. We conducted our review of the statement in accordance with the standard on Review Engagement (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### **Basis for Disclaimer of Conclusion**

The detailed party wise breakup of the same was not available with those charged with governance and the officials of the Company. We draw your attention to the fact that the Company had done a comparison of the figures of Financial Creditors (excluding loans from Body Corporates) as per the CIRP process as on March 31, 2021 and in the books of account of the Company, difference of Rs. 130,165.13 Lakhs are charged to profit and loss account as an extraordinary item during the previous year ended March 31, 2021.

\*Reason for change in amount of borrowing as on June 2022 and March 2022 as compared to as on December 2021, is mainly due to accounting recognition of finance cost and penal interest on provisional rate of 13% at simple interest on the basis of interest rate available in IDBI sanction letter (being the lead bank).

\*\* Reason for change in amount of borrowing as on September 2020 as compared to June 2020, is mainly due to accounting of borrowings of the financial creditors as per the claims admitted by the RP and recognition of finance cost and penal interest on provisional rate of 13% at simple interest on the basis of interest rate available in IDBI sanction letter (being the lead bank).

The finance costs appearing in the accompanying results are based on the transactions accounted in the accounting system in estimated bas, and hence, our report is qualified in this matter.

The Below table states the position of the principal amount outstanding of financial creditors (other than body corporate) in the accompanying unaudited financial results for the quarter ended June 30, 2022 and the latest claims position as on the date of signing this report.

A	Principal amount outstanding of financial creditors (other than body corporate)	12,44,715.89 Lakhs	As appearing in unaudited financial results for the unaudited quarter ended June, 2022
B	Amount claimed as per the latest claim sheet as on date 31 <sup>st</sup> August, 2022	12,46,076.16 Lakhs	As per claim sheet dated 31 <sup>st</sup> August, 2022

It can be seen from the above table that the principal amount outstanding of the financial creditors (other than body corporate) is different from the latest position of amount claimed and received (based on the claim sheet dated 31<sup>st</sup> August, 2022). Considering that the resolution plan implementation is going-on, Company has not made any adjustment in its borrowing of financial creditors (other than body corporate) as on June 30, 2022 by comparing the same with the latest claim sheet. Accordingly, our report has qualified in this matter.

The server is hosted by GlobalCom IDC Limited (GlobalCom). During the CIRP, GlobalCom had threatened to terminate the services. The company had filed interlocutory application 646 of 2022 before the Hon'ble NCLT seeking to restrain GlobalCom from terminating the essential services. The Hon'ble Tribunal by order dated 28th July 2022 directed GlobalCom to maintain status quo with respect to services provided by them to the company.

On 23rd December 2022 Hon'ble Tribunal approved the resolution plan submitted by Hazel Mercantile Ltd. ## **9. Going Concern Assessment**

The lending arrangement of the Company is classified as a non-performing asset by the lenders. The said classification was done by the lead bank IDBI (forming 11% of total debt from lenders) and by SBI Bank limited (consortium member accounting for 16% of said lending). Further, the Corporate Insolvency Resolution process (CIRP) was initiated against the company under the provisions of Insolvency and Bankruptcy Code, 2016 (Code) by an order of National Company Law Tribunal (NCLT), Ahmedabad dated 15<sup>th</sup> January 2020.

We draw your attention to the Note no. 2 of the Statement of unaudited financial results for the quarter and three months ended June 30, 2022, regarding the preparation of unaudited Standalone financial results of the Company on going concern basis, notwithstanding the fact that the Company continues to incur the cash losses, its net worth has been fully eroded, defaulted in repayment of principal and interest to its lenders, loans have been called back by the secured lenders, non-current assets are significantly impaired, current liabilities exceed total assets of the Company, major customers have cancelled the orders, termination notice received to terminate the sub concession lease agreement of land parcel on which Company's EOU unit operates etc. As mentioned above, since the CIRP is currently in progress, as per the Code, it is required that the Company be managed as going concern during the CIRP and the resolution plan of Hazel Mercantile Limited is approved, which is in the process of implementation, the unaudited standalone financial results is continued to be prepared on going concern basis.

However, there exists material uncertainty about the Company's ability to continue as a going concern since the same is dependent upon the result under the CIRP process. The appropriateness of preparation of these unaudited financial results for the quarter and three

months ended June 30, 2022 on going concern basis is critically dependent upon CIRP as specified in the Code.

In light of the matters indicated above, in our opinion, the company's ability to continue as Going Concern is severely impacted. The underlying results have been prepared by the company on a going-concern basis, resulting in non-statement of assets at their recoverable position (as against currently stated at their brought forward values plus/minus transactions), the quantification of which would be reflected in the subsequent results and / or review reports / annual reports.

10. The Unaudited Standalone Financial Results is the responsibility of the Company's Management and those charged with governance, to prepare in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, (Ind AS 34) "Interim Financial Reporting" prescribed under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on these Unaudited Financial Results based on our review.

#### 11. Other Matters

- i. Due to non- payment of various statutory liabilities, there may be potential non-compliances under the Companies Act, 2013; SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and other statutes and regulations.
- ii. As the final outcome of the secretarial audit report is pending and due to non-payment of various statutory liabilities, there may be potential non-compliances under the Companies Act, 2013; SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, FEMA and other statutes and regulations.

**Notes :**

- 01 On September 4, 2018, IDBI Bank in its capacity of financial creditor had filed a petition under the Insolvency and Bankruptcy Code 2016 (the "IBC" / "Code") with the Hon'ble National Company Law Tribunal, Ahmedabad (the "NCLT") against Reliance Naval and Engineering Limited ("the Company").

The NCLT, vide its order dated January 15, 2020 ("Insolvency Commencement Date") initiated the Corporate Insolvency Resolution Process ("CIRP") of the Company under the Code. The said NCLT Order also records the appointment of Mr. Rajeev Bal Sawangikar as the Interim Resolution Professional ("IRP") in accordance with Section 16 of the Code.

Subsequently, pursuant to the meeting held on March 13, 2020, the Committee of Creditors (the "CoC") has replaced the existing IRP with Mr. Sudip Bhattacharya as the Resolution Professional ("RP") for the Company. Upon the application filed by CoC, the NCLT has approved the appointment of RP vide its order dated 5th May, 2020.

Under the IBC proceedings, the powers of the board have been suspended with effect from January 15, 2020. The powers of the Board of Directors are to be exercised by the RP.

The Resolution Plan submitted by Hazel Mercantile Limited (Resolution Applicant) in the CIRP of Reliance Naval and Engineering Limited that was approved by the members of committee of creditors of the Company (CoC) in their meeting, has now been approved/allowed by the Hon'ble National Company Law Tribunal, Ahmedabad Bench (NCLT) on December 23, 2022. With the approval of the Resolution Plan, the CIRP of the Company has therefore concluded and Mr. Sudip Bhattacharya has ceased to be the resolution professional of the Company, effective on and from December 23, 2022.

Further, as per the terms of the approved Resolution Plan, a monitoring committee was constituted (to oversee the implementation of the Resolution Plan, day-to-day operations and the management of the Company shall be carried out by the Monitoring Committee until the closing date as defined in the Resolution Plan). The monitoring committee is constituted of 5 (five) members: (a) 2 (two) members identified and appointed by the Resolution Applicant; (b) 2 (two) representatives identified and appointed by the Financial Creditors; and (c) 5th (fifth) member an independent insolvency professional.

- 02 The above unaudited Standalone Financial Results of the Company for the period ended June 30, 2022 and year ended March 31, 2022 have been taken on record by the RP while discharging the powers of the erstwhile Board of Directors of the Company which were conferred upon him by the aforementioned NCLT order dated May 5, 2020 to run the Company as a going concern during CIRP. The RP took charge of the Company on May 5, 2020 and authorized the Key Management Personnel (KMP's) to continue with their respective roles and charges as per their original work allocation. The above unaudited Standalone Financial Results of the Company for the period and year ended June 30, 2022 have been taken on record by the Chairman of the Monitoring Committee and the CFO. Hence the financial results for the period June 30, 2022 and year ended March 31, 2022 have been prepared on going concern assumptions.

- 03 As on March 31, 2021, the company has charged Rs. 130,165.13 lakhs to profit and loss account as extraordinary item in the books of accounts on account of the difference between CIRP claim and books of accounts for Secured Financial Creditors. Principal amount outstanding of the financial creditors (other than body corporate) is different from the latest position of amount claimed and received (based on the claim sheet dated 31st Aug, 2022). Considering that the implementation of the resolution plan is going on, the company has not made any adjustment in its borrowing of financial creditors (other than body corporate) as on June 30, 2022 by comparing the same with the latest claim sheet. Accordingly, auditor has qualified in this matter in Limited review report.

- 04 During the year as a part of CIRP, financial and operational creditors were called upon to submit their claims to the IRP/RP and the said process of receiving claims is still ongoing. These claims are under verification and the RP is in the process of receiving, collating, verifying, seeking clarification, sending communications for un-reconciled balances, seeking additional documents to substantiate whole or part of un-reconciled balances on such claims the status of claims is regularly updated on Company's website. No adjustments has been made in the books of accounts for the period ended on June 30, 2022. Claims submitted will be dealt as per the provisions of the code, post implementation of the approved Resolution plan, necessary adjustment will be made in these statements for the differential amounts, if any. This matter has accordingly been qualified by the auditors in their audit report.

- 05 ONGC had placed an order for 12 Offshore Vessels (OSVs) in Financial Year (FY) 2009-10 out of which 7 OSVs have been delivered till 2015-16. ONGC has cancelled the order and invoked all the bank guarantees in FY 2018-19. The Arbitration Petition has been filed by the Company against the cancellation of Order. Pending the award no provision has been made against Work in progress (Rs. 5,684 lakhs), Advance against purchase of Material/ Services, Liquidated Damages Provisions and Inventories, which has been qualified by the auditors in their audit report.

On February 3, 2020, the Company had received a Show Cause Notice from the Ministry of Defence for termination of aforesaid Contract. In response to the Notice, the Company replied to the notice and also filed a writ petition along with stay application before the Delhi High Court on February 15, 2020.

The captioned matter was listed for hearing before the Hon'ble Delhi High Court on February 17, 2020. After hearing the arguments of both parties at length, the Hon'ble Court was pleased to direct the MOD to consider the writ petition as a representation in response to the Impugned Termination Notice and take a decision on termination as per law. The Hon'ble Court was further pleased to direct that in case the final decision of the MOD in relation to termination of the NOPV Contract is adverse to the interests of the Company, the operation of the said decision shall remain suspended for a period of 7 days after communication of such decision to the Company.

Although the MOD has not revived the contract, it had offered the Company an opportunity to present a proposal by August 31, 2020, outlining how it can complete two of the five NOPVs (NS001 and NS002) which are in advance stages of completion by outsourcing the remaining work to a PSU shipyard. The Hon'ble Tribunal by order dated 28th July 2022 directed GlobalCom to maintain status quo with respect to services provided by them to the company. On 23rd December 2022 Hon'ble Tribunal approved the resolution plan submitted by Hazel Mercantile Ltd. Subsequently on March 13, 2023, GlobalCom disconnected operational support from servers including but not limited to past accounting records maintained/captured in SAP environment on account of non-receipt of outstanding SAP support services dues despite GlobalCom being directed to maintain status-quo. In light of the foregoing, Company filed for urgent listing of Interlocutory Application 646 of 2022 and the matter is likely to be heard by the Hon'ble Tribunal shortly.
