**Notes :**

- 01 On September 4, 2018, IDBI Bank in its capacity of financial creditor had filed a petition under the Insolvency and Bankruptcy Code 2016 (the "IBC" / "Code") with the Hon'ble National Company Law Tribunal, Ahmedabad (the "NCLT") against Reliance Naval and Engineering Limited ("the Company").

The NCLT, vide its order dated January 15, 2020 ("Insolvency Commencement Date") initiated the Corporate Insolvency Resolution Process ("CIRP") of the Company under the Code. The said NCLT Order also records the appointment of Mr. Rajeev Bal Sawangkar as the Interim Resolution Professional ("IRP") in accordance with Section 16 of the Code.

Subsequently, pursuant to the meeting held on March 13, 2020, the Committee of Creditors (the "CoC") has replaced the existing IRP with Mr. Sudip Bhattacharya as the Resolution Professional ("RP") for the Company. Upon the application filed by CoC, the NCLT has approved the appointment of RP vide its order dated 5th May, 2020.

Under the IBC proceedings, the powers of the board have been suspended with effect from January 15, 2020. The powers of the Board of Directors are to be exercised by the RP.

The NCLT order also provided for a moratorium with effect from January 15, 2020 till the completion of the CIRP or until it approves the resolution plan under section 31(1) or passes an order for liquidation of the Company under Section 33, whichever is earlier. Currently, the Company is under CIRP.

- 02 The above unaudited Standalone Financial Results of the Company for the period ended June 30, 2021 and year ended March 31, 2021 have been taken on record by the RP while discharging the powers of the erstwhile Board of Directors of the Company which were conferred upon him by the aforementioned NCLT order dated May 5, 2020 to run the Company as a going concern during CIRP. Hence the financial results for the period June 30, 2021 and year ended March 31, 2021 have been prepared on going concern assumptions. The RP took charge of the Company on May 5, 2020 and authorized the Key Management Personnel (KMP's) to continue with their respective roles and charges as per their original work allocation.

- 03 The amounts of the claims by Financial Creditors admitted or to be admitted by the RP under CIRP process differed from the amount reflecting in the books of account of the Company. The above unaudited financial results to the extent of Secured Financial Creditors are drawn on the basis of admitted claim figures as per the CIRP process in the books of account of the Company, difference of Rs. 130,165.13 lakhs was charged to profit and loss account as extraordinary item in the previous audited financial statement March, 2021. The RP and support team believe that these figures may be interpreted solely for the purpose of satisfying the regulatory requirement for filing of quarterly and yearly audited financial results and that these figures could change during the CIRP process or thereafter. Principal amount outstanding of the financial creditors (other than body corporate) is different from the latest position of amount claimed and received (based on the claim sheet dated 24th March, 2022). Considering that the CIRP process is going on, Company has not made any adjustment in its borrowing of financial creditors (other than body corporate) as on June 30, 2021 by comparing the same with the latest claim sheet. Accordingly, auditor has qualified in this matter in Limited review report.

- 04 During the year as a part of CIRP, financial and operational creditors were called upon to submit their claims to the IRP/RP and the said process of receiving claims is still ongoing. These claims have been verified by the RP and his team. No adjustments has been made in the books of accounts for the period ended on June 30, 2021. This matter has accordingly been qualified by the auditors in their Limited review report.

- 05 ONGC had placed an order for 12 Offshore Vessels (OSVs) in Financial Year (FY) 2009-10 out of which 7 OSVs have been delivered till 2015-16. ONGC has cancelled the order and invoked all the bank guarantees in FY 2018-19. The Arbitration Petition has been filed by the Company against the cancellation of Order. Pending the award no provision has been made against Work in progress (Rs. 5,684 lakhs). Advance against purchase of Material/ Services, Liquidated Damages Provisions and Inventories, which has been qualified by the auditors in their Limited review report.

- 06 As on March 31, 2020, the Company had shipbuilding contracts receivables of Rs. 173,959.62 lakhs, including invocation of the bank guarantees amounting to Rs. 93,739 Lakhs in January 2020, for 5 Naval Offshore Patrol Vessels (NOPVs) from the Ministry of Defence, New Delhi (the "MOD"). On February 3, 2020, the Company had received a Show Cause Notice from the Ministry of Defence for termination of aforesaid Contract. In response to the Notice, the Company replied to the notice and also filed a writ petition along with stay application before the Delhi High Court on February 15, 2020.

The captioned matter was listed for hearing before the Hon'ble Delhi High Court on February 17, 2020. After hearing the arguments of both parties at length, the Hon'ble Court was pleased to direct the MOD to consider the writ petition as a representation in response to the Impugned Termination Notice and take a decision on termination as per law. The Hon'ble Court was further pleased to direct that in case the final decision of the MOD in relation to termination of the NOPV Contract is adverse to the interests of the Company, the operation of the said decision shall remain suspended for a period of 7 days after communication of such decision to the Company.

Although the MOD has not revived the contract, it had offered the Company an opportunity to present a proposal by August 31, 2020, outlining how it can complete two of the five NOPVs (NS001 and NS002) which are in advance stages of completion by outsourcing the remaining work to a PSU shipyard. This is at a proposal stage and only if the MOD is agreeable of the proposal, the MOD may accept the plan for two of the five NOPVs.

RP has filed I.A. in NCLT against cancellation of order. Pending the final decision by NCLT and the MOD which is due for hearing, no provision/adjustments for Advance against purchase of Material/ Services, Liquidated Damages Provisions and Inventories has been made in the above results, which has been qualified by the auditors in their Limited review report.

In addition to above, the Company has also received the notice cancelling two contracts i.e. CGIS and 14 FPVs from coast guard (MOD) in July 2021. The MOD has also encashed the BG's amounting to Rs. 21,182.74 lakhs. An action against this termination by way of a petition in NCLT is filed in March 2022. Pending the final decision in the matter no provision / adjustments for Advance against purchase of Material/ Services, Liquidated Damages Provisions and Inventories has been made in the above results.

- 17 The outbreak of COVID-19 pandemic has significantly impacted businesses around the world. The Government of India ordered a nationwide lockdown, initially for 21 days which was extended twice to prevent community spread of COVID-19 in India. This has resulted in significant reduction in economic activities. With respect to operations of the Company, it has impacted its business by way of interruption in construction activities, supply chain disruption, unavailability of personnel, closure/lock down of various other facilities etc. It has also led to delay in the Resolution process of the Company.

Few of the activities are already commenced albeit in a limited manner. Further the Company has availed protections available to it as per various contractual provisions to reduce the impact of COVID-19. Any changes due to the changes in situations/circumstances will be taken into consideration, if necessary, as and when it crystallizes; accordingly it is not possible to determine exact financial impact of COVID-19 pandemic over the business at this juncture.

C	Amount outstanding as at 30.09.2020	14,68,186 Lakhs**	As per unaudited results for 30 <sup>th</sup> September, 2020
D	Amount outstanding as at 31.12.2020	15,06,450 Lakhs*	As per unaudited results for 31 <sup>st</sup> December, 2020
E	Amount outstanding as at 31.03.2021	15,52,619 Lakhs*	As per audited results for 31 <sup>st</sup> March, 2021
F	Amount outstanding as at 30.06.2021	16,01,962.71 lakhs*	As per unaudited results for 30 <sup>th</sup> June, 2021
G	Amount provisionally admitted as Claims as on the CIRP Date i.e. 15 <sup>th</sup> January 2020	12,54,039 Lakhs	As per the list of financial creditors shared by RP
H	Amounts provisionally admitted, on account of admission of Bank Guarantee Liability (included in point "C", "D", "E" and "F")	1,82,343 Lakhs	As per the list of financial creditors shared by RP

The amount under Row H includes invocation of Guarantees given by bank to the Customers, Invocation of Corporate Guarantee given by company (being Reliance Naval & Engineering Limited) on behalf of of RMOL Engineering and Offshore Limited being its subsidiary. Since, the claim verification is under process, our report is qualified in this matter.

We draw your attention to the fact that the Company had done a comparison of the figures of Financial Creditors (excluding loans from Body Corporates) as per the CIRP process as on March 31, 2021 and in the books of account of the Company, difference of Rs. 130,165.13 Lakhs are charged to profit and loss account as an extraordinary item during the previous year ended March 31, 2021.

\*Reason for change in amount of borrowing as on March 2021 and June 2021 as compared to as on December 2020, is mainly due to accounting recognition of finance cost and penal interest on provisional rate of 13% at simple interest on the basis of interest rate available in IDBI sanction letter (being the lead bank).

\*\* Reason for change in amount of borrowing as on September 2020 as compared to June 2020, is mainly due to accounting of borrowings of the financial creditors as per the claims admitted by the RP and recognition of finance cost and penal interest on provisional rate of 13% at simple interest on the basis of interest rate available in IDBI sanction letter (being the lead bank).

The finance costs appearing in the accompanying results are based on the transactions accounted in the accounting system and as the claim verification is also under process, our report is qualified in this matter.

The Below table states the position of the Principal amount outstanding of financial creditors (other than body corporate) in the accompanying unaudited financial results for the quarter ended June 30, 2021 and the latest claims position as on the date of signing this report.

A	Principal amount outstanding of financial creditors (other than body corporate)	12,44,715.89 Lakhs	As appearing in unaudited financial results for the half year ended June, 2021
B	Amount claimed as per the latest claim sheet as on date 24 <sup>th</sup> March, 2022	12,46,076.16 Lakhs	As per claim sheet dated 24 <sup>th</sup> March, 2022
C	Amount claimed as per the latest claim sheet as on date 24 <sup>th</sup> March, 2022	12,40,173.03 Lakhs	As per claim sheet dated 24 <sup>th</sup> March, 2022

It can be seen from the above table that the principal amount outstanding of the financial creditors (other than body corporate) is different from the latest position of amount claimed and received (based on the claim sheet dated 24<sup>th</sup> March, 2022). Considering that the CIRP process is going on, Company has not made any adjustment in its borrowing of financial creditors (other than body corporate) as on June 30, 2021 by comparing the same with the latest claim sheet. Accordingly, our report has qualified in this matter.

- vi. During the quarter and three months ended June 30, 2021 as a part of CIRP, financial and operational creditors were called upon to submit their claims to the IRP/RP and the said process of receiving claims is still ongoing. These claims are under verification and the RP is in the process of receiving, collating, verifying, seeking clarification, sending communications for un-reconciled balances, seeking additional documents to substantiate whole or part of un-reconciled balances on such claims. The status of claims is regularly updated on Company's website. No reconciliation exercise has been made by those charged with governance and accordingly no adjustment entry to this effect has been passed in the books of accounts for the quarter and three months ended on June 30, 2021 except for the financial creditor (other than body corporate). Hence, we are unable to comment on the outstanding balance of these liabilities.

As per the explanation and information received from the management, the Ministry of Defense has sent Show Cause Notice to the company for termination of contract against which the company has filed writ petition and stay application before the Delhi High Court on 15th February, 2020. The captioned matter was listed for hearing before the Hon'ble Delhi High Court on February 17, 2020. After hearing the arguments of both parties at length, the Hon'ble Court was pleased to direct the Ministry of Defense to consider the writ petition as a representation in response to the Impugned Termination Notice and take a decision on termination as per law. The Hon'ble Court was further pleased to direct that in case the final decision of the Ministry of Defense in relation to termination of the NOPV Contract is adverse to the interests of the Company, the operation of the said decision shall remain suspended for a period of 7 days after communication of such decision to the Company. Although the Ministry of Defense has not revived the contract, it has offered the Company an opportunity to present a proposal by August 31, 2020, outlying how it can complete two of the five NOPVs (NS001 and NS002) which were in advance stages of completion by outsourcing the remaining work to a PSU shipyard. However, the proposal submitted by the Company was not agreeable by Ministry of Defense. Accordingly, the contract was terminated vide letter dated September 21, 2020. In response to which, company has filed an application challenging the order in National Company Law Tribunal on October, 2020 which is pending for further hearing.

Considering the above event, the total receivables for shipbuilding contract including bank guarantee invoked by Ministry of Defense amounting to Rs. 1,68,431.42 Lakhs have been considered for the impairment testing by the management and below mentioned accounting effects has been considered under the unaudited financial results for the quarter ended June 30, 2020.

viii. The Company has the contract with Indian Navy for the construction of ships (CGTS and FVP) vide contract no. CGTS-AQ/0737/01 and FVP – AQ/0542/14 respectively. The Ship Building Contract receivable from CGTS and FVP were Rs. 8,991.67 lakhs and Rs. NIL respectively, as on June 30, 2020 appearing as Ship Building trade receivable under Other Current Assets. As per the explanation and information received from the management, the Ministry of Defense has sent cancellation Letters to the company for termination of contract on 14th July 2021. The company has not taken any legal action against the said cancellation letters however, the same is contemplated.

Subsequent to quarter and half year ended September 30, 2020, the Ministry of Defense has invoked the Bank Guarantees including Performance Guarantees given to them against the Advances received by the Company.

Considering the above event, the total receivables from shipbuilding contracts amounting to Rs. 8,991.67 and Rs. 0 (NIL) from CGTS and FVP respectively have been considered for impairment testing by the management and accounting effects (as represented below) already considered in the audited financial results for the year ended March, 2021.

\*Since the Ministry of Defense has already encashed the Bank Guarantees provided against the Advances Received by Reliance Naval and Engineering Limited, the same has been recorded by the Company as financial Liability and hence liability for advance received from customer towards CGTS and FVP amounting to Rs. 16,040.84 lakhs have been reversed and shown under the exceptional item in the audited financial statement for the year ended March-21.

An action against this termination by way of a petition in NCLT is filed in March 2022. Pending the final decision in the matter no provision / adjustments for Advance against purchase of Material/ Services, Liquidated Damages Provisions and inventories has been made in the above results.

Further, The company had not conducted the impairment testing for the above inventory as on quarter ended June, 2021 for the reason as stated above and accordingly, our report is qualified to that extent.

ix. ONGC had placed an order for 12 Offshore Vessels (OSVs) in Financial Year (FY) 2009-10 out of which 7 OSVs have been delivered till 2015-16. ONGC has cancelled the order and invoked all the bank guarantees in FY 2018-19. The Arbitration Petition has been filed by the Company against the cancellation of Order. Pending the Award, no provision has been made against Work in progress amounting to Rs. 5684 Lakhs and Advance against purchase of Material/ Services

and Inventories. Further, in absence of the working for Advance against purchase of Material/ Services and inventories relating to the said project (OSVs), we are unable to comment on the quantum of the provision/adjustments to be accounted for with respect to Advance given to vendor related to OSVs and inventories relating to the said project (OSVs) in the unaudited standalone financial result for the quarter and three months ended June 30, 2021.

- x. As per "Indian Accounting Standard 115 on "Revenue from Contracts with Customers", an entity shall recognize revenue when (or as) the entity satisfies a performance obligation by transferring a promised good or service to a customer. For each performance obligation satisfied over time, an entity shall recognize revenue over time by measuring the progress towards complete satisfaction of that performance obligation i.e., Percentage completion Method.

We have noted that the Company has adopted the Project Completion method for determining the recognition of revenue i.e. Management considers the progress of the entire project and not that of individual contracts which is not in line with the requirement of Ind AS 115.

Majority of the contract of the company were terminated till the previous year i.e., March 31, 2021 and various legal cases is going on w.r.t., to the same. Considering the same management had not done evaluation of revenue from operation as per percentage completion method.

Further, we have noted that the company had no technical analysis report basis which Budgeted Cost Estimations were considered in working out the provision for proportionate cost to be incurred.

Hence we are unable to express an opinion on the accompanying results due to insufficient financial information and assumptions made for the calculation of "Revenue from Contracts with Customer".

- xi. The Company is currently under the process of CIRP and cash flows generated after the initiation of CIRP are inadequate to meet the cash requirement and, hence the business of the company could not be classified as a cash generating unit. However, during the period ended June, 2021, company has not disclosed the assets as discontinued operations, as per the requirement of "Ind AS 105 - Non-Current Assets Held for Sale and Discontinued Operations".

Looking to above facts and in conjunction with "Ind AS 105 - Non-Current Assets Held for Sale and Discontinued Operations", the revenue from operations and assets should have been disclosed under discontinued operations. However, in terms of the Section 25 of the IBC Code, the Company is treated as continue to operate as a going concern and accordingly the Financial Results are being presented on a going concern basis by those charged with governance.

- xii. Company has done Actuarial Valuation on yearly basis, therefore for the quarter ended 30<sup>th</sup> June, 2021, Company has not booked any liabilities for the Gratuity. In the absence of the actuarial valuation, we are unable to comment on the quantum of provision for gratuity to be accounted for in the books of accounts.

We have not been provided with the financial statement of the Conceptia for the quarter ended June, 2021. Therefore, we are unable to comment on the requirement for provision (if any).

- ii. We draw your attention to Note 12 of the financial results which states that as per Regulation 33(3)(b) of the SEBI LODR Regulations, 2015 which provides that in case the listed entity has subsidiaries, in addition to the requirement at clause (a) of sub-regulation (3), the listed entity shall also submit quarterly/year-to-date consolidated financial results. There are 5 (Five) subsidiaries of the Company and one Associate. This is to bring to your notice that the Resolution Professional is not in a position to provide the consolidated financial results, as the subsidiaries of the Company are separate legal entities, also currently few companies are under CIRP Process and non-operational and the team is facing huge difficulty in obtaining relevant data from the said subsidiaries. In view of the above, the Company is only submitting the Standalone Financial Results.
- iii. We draw your attention to Note no 21 of the financial results which states that companies CS resigned on 28th May 2022 and the CFO on 31st May 2022. On the date of result position of CFO and CS is vacant.
- iv. We draw your attention to Note 22 of the financial results which state that, during the process of reconciliation, the RP team has noticed that the Banks have renewed the Company's Fixed Deposits during FY 2019-20 which were adjusted by the Company against the liabilities of the same banks on maturity dates in books of accounts. However, the said Fixed Deposits were renewed by the Bank and were not appropriated by the banks against the liability and hence, the Fixed Deposits have been restated till the quarter ended 30<sup>th</sup> June 2021. ## 7. Going Concern Assessment

The lending arrangement of the Company is classified as a non-performing asset by the lenders. The said classification was done by the lead bank IDBI (forming 11% of total debt from lenders) and by SBI Bank limited (consortium member accounting for 16% of said lending). Further, the Corporate Insolvency Resolution process (CIRP) was initiated against the company under the provisions of Insolvency and Bankruptcy Code, 2016 (Code) by an order of National Company Law Tribunal (NCLT), Ahmedabad dated 15<sup>th</sup> January 2020.

We draw your attention to the Note no. 2 of the Statement of unaudited financial results for the quarter and three months ended June 30, 2021, regarding the preparation of Standalone financial results of the Company on going concern basis, notwithstanding the fact that the Company continues to incur the cash losses, it's net worth has been fully eroded, defaulted in repayment of principal and interest to its lenders, loans have been called back by the secured lenders, non-current assets are significantly impaired, current liabilities exceed total assets of the Company, major customers have cancelled the orders, termination notice received to terminate the sub concession lease agreement of land parcel on which Company's EOU unit operates etc. As mentioned above, since the CIRP is currently in progress, as per the Code, it is required that the Company be managed as going concern during the CIRP, the unaudited standalone financial results is continued to be prepared on going concern basis. However, there exists material uncertainty about the Company's ability to continue as a going concern since the same is dependent upon the result under the CIRP process. The appropriateness of preparation of these unaudited financial results for the quarter and three months ended June 30, 2021 on going concern basis is critically dependent upon CIRP as specified in the Code.

In light of the matters indicated above, in our opinion, the company's ability to continue as Going Concern is severely impacted. The underlying results have been prepared by the company on a going-concern basis, resulting in non-statement of assets at their recoverable position (as against currently stated at their brought forward values plus/minus transactions), the quantification of which would be reflected in the subsequent results and / or review reports / annual reports pursuant to the ongoing valuation exercise.

- 8. The Unaudited Standalone Financial Results is the responsibility of the Company's Management and those charged with governance, to prepare in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, (Ind AS 34) "Interim Financial Reporting" prescribed under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on these Unaudited Financial Results based on our review.

The accompanying unaudited financial results have been prepared by the accounting professionals engaged by the corporate debtor. Basis the financial statements prepared by Ex-Chief Financial Officer who was in office till May 31, 2022 and the accounting professional appointed by the Company, the Resolution Professional has considered and approved the unaudited Financial Results of the Company for the quarter ended June 30, 2021.
